Dear Evans School Community,

Regardless of your political affiliation, the importance of good governance is something that we can all agree upon. And our collective commitment to public service leadership is guided by our School's mission statement:

- We are committed to improving the quality of public and nonprofit service.
- We educate leaders to meet societal challenges with compassion, vision, analytic rigor, and practicality.
We advance scholarship and ideas that strengthen public policy and management.

- We are dedicated to serving local, national, and global communities and promoting thoughtful, civil, public deliberation.
- We value integrity, respect, diversity, collaboration, and excellence in our own institution, in our graduates, and in the community.

Thank you for being a part of our community and for your dedication to the public good.
