Leaders for a Global Society

The Hubert H. Humphrey Fellowship Program provides a year of professional enrichment in the United States for experienced professionals from countries around the world. Fellows are selected from both the public and private sectors based on their potential for leadership and their commitment to public service.

The Humphrey Fellowship Program, sponsored by the U.S. Department of State’s Bureau of Educational and Cultural Affairs, is a U.S. government international exchange program supported by the people of the United States. Each year approximately 200 Humphrey Fellows engage in non-degree study and related professional experiences at selected American universities. From its beginning in 1978, the program has grown to a network of more than 5,000 alumni in approximately 160 countries around the world working to improve their communities and the lives of their fellow citizens.

This year marks the 27th year that the Evans School of Public Affairs at the University of Washington has participated in this prestigious program. We are proud to be one of 15 universities where Humphrey Fellows are placed. Over the last 26 years we have hosted more than 300 Fellows from 100 nations. Fellows undertake an individualized program of academic coursework, independent research, professional affiliations, site visits, special seminars, and consultations. The Fellows travel throughout the U.S. to attend professional meetings and colloquia, and to visit public and private agencies related to their professional fields.

“It was a year full of exciting opportunities to make lasting friendships, meet amazing professionals, and pursue academia. It is a program which shapes you, challenges your limitations, raises you to new levels of excellence as a professional, and builds up a better you.”

— Liuba Ceban, UW Humphrey Fellow, 2010–2011, Moldova
